EMERSON SCHOOL - 90 YEARS GROWING STRONG!

During World War II, teachers participated in registering people for rationing of various items. Stamps were required to purchase items such as meat and gasoline; common items such as sugar, flour, and soap were in scarce supply. PTA held a scrap metal drive to collect aluminum to be recycled to make airplane wings; and iron to make tanks. The metal was collected in a corner of our playground. Students loved to go through the pile to find items to play with outside. Some found some old auto seats, and moved them to the field. They ran and jumped on them to turn flip-flops!
